12. POSTPONING INTEGRATION

A candidate who has been admitted and has confirmed their enrollment (deposit paid) may request a deferral of enrollment.

A formal and reasoned request must be submitted to the Dean of the School via admissions@imt-bs.eu before September 30, 2027. The Dean reserves the right to approve or deny the request.

If the candidate does not submit a formal deferral request before September 30, 2027, or does not provide proof of completion of the required qualification before November 30, 2027, they will automatically lose their right to enroll and will be excluded from the School.

If approved, the deferral is valid only for the next intake. It cannot be renewed.

The candidate's deferral request must explicitly specify the chosen track and, consequently, the requested intake.

A candidate who has been granted a deferral is not entitled to a refund of the deposit paid upon admission.

If the candidate does not enroll at the intake specified in the approved deferral, they will forfeit both their admission and the deposit paid, except in the event of a visa refusal.

The tuition fees applicable will be those in effect at the time of actual enrollment.

If the deferral request is denied, the deposit paid remains non-refundable (see Chapter 10 for the refund conditions).
